

# MEDI SKINSAVER®

Clean and simple skincare.

The intersection of clean  
beauty and medical efficacy

---

“

I love this brand. It's  
completely clean beauty.

— ELLE MACPHERSON

# 3 main actions

## Cellular Renewal

Accelerating turnover at the basal layer.

## Barrier Defense

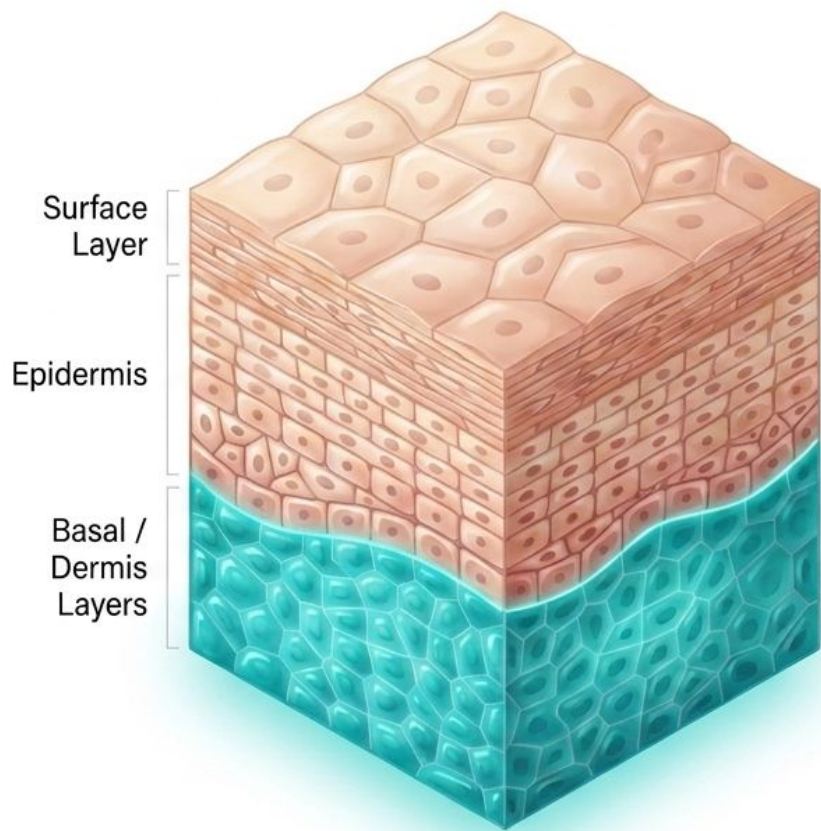

Fortifying the epidermal brick-and-mortar structure.

## Structural Hydration

Preventing moisture escape at the surface.

# Vitamin A drives cellular renewal from the deepest layers

---

## Product

Vitamin A Serum 30mL | \$74.95

---

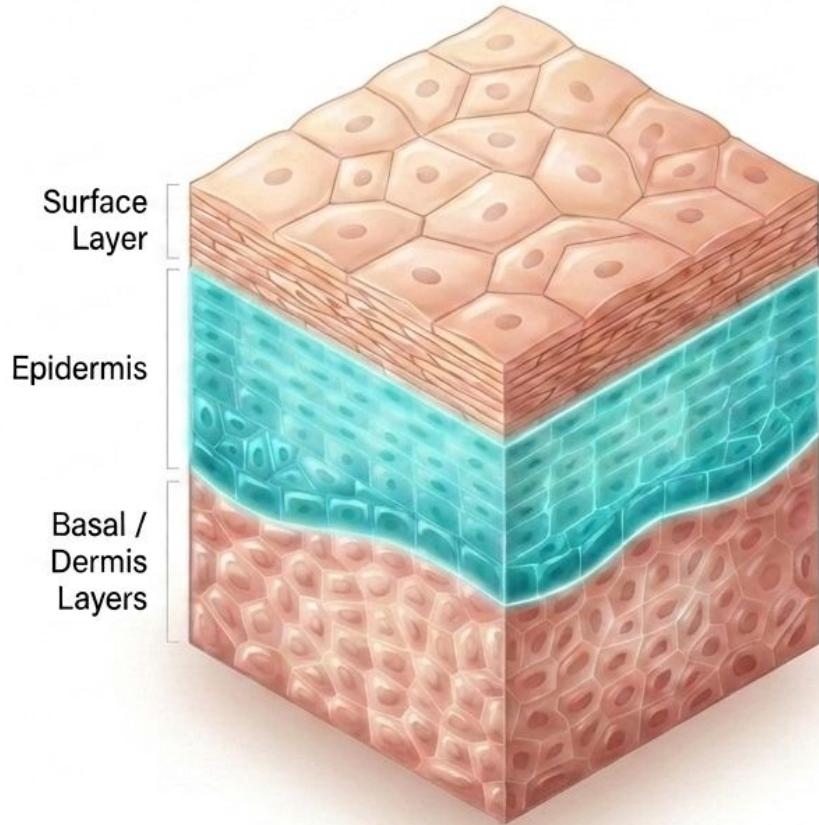

## Mechanism of Action

Operates at a cellular level to accelerate skin cell turnover and normalize cellular function.

---

## Biological Benefit

Supports intrinsic collagen synthesis. Over time, this targeted renewal leads to fundamentally smoother texture and improved structural integrity of the dermis.

# Vitamin B fortifies the epidermal barrier against stressors

---

## Product

Vitamin B Serum 50mL | \$74.95

---

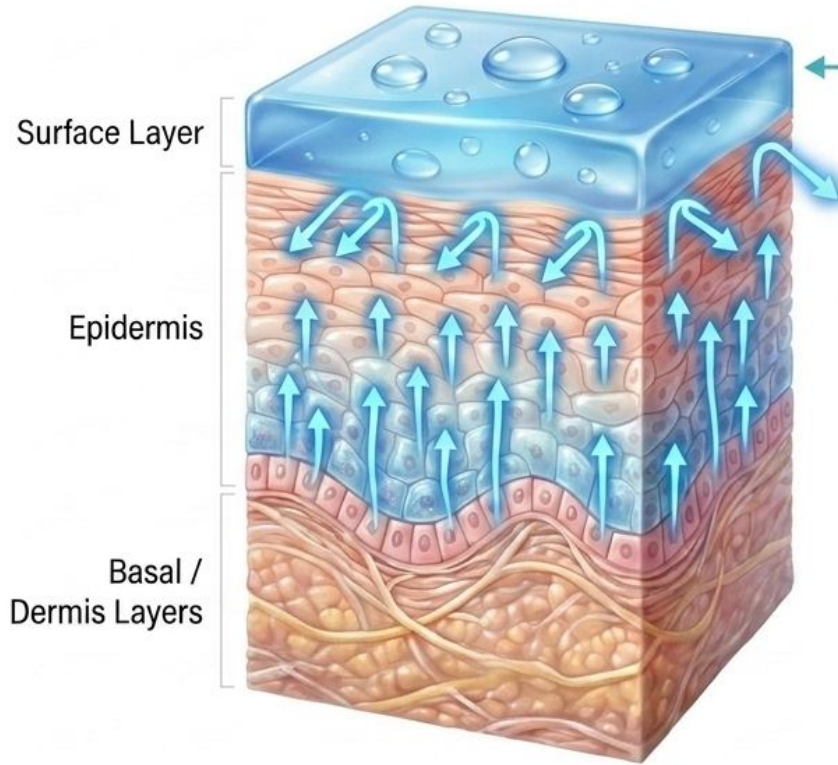

## Mechanism of Action

Utilizing Niacinamide and Panthenol to stimulate the natural production of ceramides and regulate sebum.

---

## Biological Benefit

Reduces tissue inflammation and creates a resilient, calm epidermal environment that actively protects against daily environmental stressors.

**A clinical moisturizer provides structural hydration and functional sealing**

---

**Product**

Age Defying Moisturiser 100mL | \$64.95

---

**Mechanism of Action**

Acts as a functional physical seal over the active serums beneath, rather than just providing temporary surface comfort.

---

**Biological Benefit**

Actively prevents transepidermal water loss (TEWL) while supplying essential restorative lipids to smooth and repair the stratum corneum.

# Three formulations engineered as a unified ecosystem

	Vitamin A Serum	Vitamin B Serum	Age Defying Moisturiser
Biological Target	Deep Cells (Basal Layer)	Epidermis (Barrier)	Surface (Stratum Corneum)
Primary Action	Accelerate Turnover	Fortify & Protect	Functional Seal (Block TEWL)
Clinical Result	Improved Texture & Structural Youth	Reduced Inflammation & Clarity	Maintained Plumpness & Comfort

# Build a resilient masterpiece.

- Visibly smoother skin with fewer fine lines
- Brighter, more even complexion
- Deep, long-lasting hydration and a plump feel
- Stronger firmness and daily protection from aging factors
